

Mincom Ellipse Core Asset Management

Course ID: MN-01

Course Length: 2 Days

Modules Included: 3601 - Equipment Register, 3610 - Equipment Group Identifier, 3130 - Application Parts Lists, 3605 - Nameplates

Prerequisites: MN-00 - Mincom Ellipse Maintenance Familiarisation

Intended Audience: Those individuals responsible for operations and maintenance of the equipment register, Work Management consulting, Maintenance consulting, planning, asset management or Maintenance engineering.

Course Description: The Mincom Ellipse Core Asset Management course trains participants in the use of Mincom Ellipse to register plant and equipment assets.

Expected Outcome: Obtain the working knowledge and practical skills to manage assets using Mincom Ellipse.

Format: The course is a combination of instructor-led and hands-on exercises to maximize the learning outcomes.

At the end of this course, the participant will be able to:

Create equipment.	Define lists of equipment for common activities.
Apply standard naming templates.	Build a structured numbering system.
Assign equipment groupings.	Build a productive unit hierarchy.
Record the necessary equipment details for use by other Mincom Ellipse modules.	Build and apply equipment nameplate attributes.
Build application parts lists for accurate requisitioning.	

Registration: To register an expression of interest in course attendance, email education.services@mincom.com
